

THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Rodman Promoted—Thomas Rodman, livestock inspector of the bureau of animal industry, has been promoted to be chief clerk of the local office, and is now in charge.

Sheep Show—The various committees having in charge the fine and fat sheep show, will meet Tuesday afternoon next, at the Commercial club. Entries for the show are coming in rapidly.

Holly Arrives—A carload of holly from Delaware arrived here yesterday, the first receipt of the season, and is being distributed among the rail-roads today, from the commission houses.

Water Applied For—James Peterson of White Rocks has filed application with the state engineer for eight second feet of water from the Green river, in Clinton county, for irrigation.

Shoplifters Arrested—Two boys, Eugene Taylor and Fred Lewis, were arrested by Detective Chase on a charge of shop lifting. They are accused of entering a book store at 52 east Second south and taking a parcel and running out of the store. They were caught in the act of trying to sell it.

Army Changes—The Twenty-ninth Infantry sentinel editor, Sergt. Chambers, has been discharged, having served his time, and has secured employment as a printer in this city. His place at the Post has been taken by Private W. H. Finlen from Columbus, Ark. The clothing of the troops at Fort Douglas is being gradually changed from a blue to an olive drab, as that is now the finally adopted color of army clothing.

Improvements Begun—The new excavation for the boiler room for the Emery-Holmes flats and apartment house, is 20 feet deep, and the concrete chimney will be 150 feet high, or 30 feet higher than the present chimney. It is understood that the Dr. Niles residence adjoining the apartment house, will be raised and the grounds utilized as a park for the occupants of the apartment house and flats.

Poll Tax Delinquents—Street Supervisor Raleigh has given the city attorney the names of 100 persons who are delinquent in the payment of poll tax with instructions to sue against them at once. After those who disposed of their name will probably be another large list of names furnished for more suits. Those who have not paid can avoid paying costs by calling at the office of the street supervisor and paying up before the matter is put in the hands of the city attorney.

Coal for Poor—J. E. Bamberger will distribute among the poor and needy of Salt Lake 100 tons of coal as an indication of his thankfulness for the escape of his son, Clarence, and his room-mate at the life of the Chi Psi Fraternity house at Cornell university. This will indeed be appreciated by the people who are to be benefited by this action of Mr. Bamberger. Coal is exceedingly scarce and prices and many have not been able to secure it even with money.

C Company Dance—C company, First Infantry, held a well attended dance last night, at the state armory, after inspection by the regimental commander, Col. Lund, Gov. Cutler and Col. Bower and Governor of his staff were present. The hall was decorated with bunting and flags, and over 200 couples were present. Of the 44 officers and men, 34 answered to their names, in full dress uniform and with arms, and the command was found to be in excellent condition. The company has been assigned Thursday evenings for drill purposes.

Settlers Wanted—The irrigation engineers discussed yesterday, the securing of settlers of experience for the newly irrigated lands which, in many cases, are taken up by men who know little or nothing about the proper treatment of the lands, and the necessity of instruction in connection with the opening up of new tracts of land. A bureau of information was advised. The afternoon was occupied with discussion of the commissariat in engineering camps remote from settlements. It was recommended that the government should keep a house, at 25 cents a meal with no charge for lodging.

Sunday School Work—Ex-Dean F. K. Sanders of the Yale theological seminary, who is in this city, as chairman of the meeting of the board of Congregational Sunday school superintendents, at the Knutsford, says that the field of the Publishing society of the church is a pioneer work in places where no religious work has been engaged in. No matter how rough a community, there is seldom any objection to the opening of a Sunday school, and people who may sneer at religious faith do not object to their children attending. These schools frequently develop into churches. Salt Lake pupils will be filled Sunday, by the visiting representatives of the Publishing society's Sunday school work.

Zions Savings Bank and Trust Co. Pays 4 per cent on deposits, saving deposit boxes for rent.

J. O. SMITH, Pres.
O. C. REBE, Cashier.

If you desire to buy or sell real estate in any part of the city or state, it will be to your interest to communicate with the Geo. C. Cannon Association, 24 East South Temple St. Both phones 10.

HOTEL DECIDED UPON.

Architect Henry Ives Cobb has left for New York.

Architect Henry Ives Cobb left last night for New York. On taking the train, Mr. Cobb said the only thing settled definitely is the 15-story hotel for the old Walker corner, and he has a mass of data from which to plan the two proposed streets through the south half of the block bounded by Main and State, Third and Fourth South streets, and the Commercial club building. Fred Weyers says he is likely to be the man to run the new hotel.

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today. Geo. W. Spencer, Holly Springs, N. C. Chamberlain's Cough Remedy is a sure cure and is pleasant and safe to take. For sale by all druggists.

IMPROVEMENTS BADLY NEEDED

Disgraceful Condition of Streets Discussed by Committee.

TO OFFER A RESOLUTION.

It Will be Introduced at the Next Meeting of "City Fathers"—Work not Properly Done.

The disgraceful condition of the streets of the city and especially around the city and county buildings, was the subject of considerable discussion before the council committee on streets last night, and it is probable that a resolution will be introduced at the next meeting of the council, providing for putting the streets in better condition.

At the corner of Fourth South and State, the street is in a most unsightly and almost impassable condition and is certainly a disgrace to the city. The sum of \$150 was appropriated to fix up that crossing last Monday night, and the street supervisor has been hauling crushed rock and gravel and placing it there as fast as possible, but it seems to sink into the mire and does not fill up the mud hole at all. Councilman Tuddenham called the committee's attention to the matter, and declared that the work was not being properly done. He said that the middle of the intersection should be drained and some of the mud scraped away before the rock and gravel is put in.

ORDINANCE PASSED.

An ordinance was passed Monday afternoon providing for the paving of all the streets around the city and county buildings and some of the other city-owned property. The ordinance provides that the owners of the property shall be responsible for the paving of the streets around their property, and that the city shall be responsible for the paving of the streets around the city and county buildings.

CONDITION OF ALLEYS.
The communication from the Commercial club in regard to the bad condition of the alleys in the business district was also considered by the streets committee, and was referred to Mayor Thompson for consideration.

The mayor vetoed a resolution last week requiring the owners of the alleys to pave them for the reason that asphalt paving cannot be laid in the winter time. It is not probable that the mayor will do anything in regard to the matter until spring.

Fernstrom called the committee's attention to the fact that the Salt Lake city water company was laying wooden pipe in its new pipe line through the streets of the city in places where its franchise calls for cement or tile pipe, and he asked that the matter be investigated and the "work stopped." The council will probably take the matter up next Monday night.

AGREEABLY SURPRISED.

Many sufferers from rheumatism have been agreeably surprised at the prompt relief afforded by Chamberlain's Pain Balm. It makes aches and pains disappear. For sale by all druggists.

The Highgrade "Anderson" Piano stands out from the first. It's worth hearing, easy payments.

OLD CLYDE DEAD.

Faithful Fire Horse Will Answer no More Alarms.

"Poor Old Clyde" was the comment of the boys around the fire department and others who frequent the place, yesterday afternoon. For people indeed do not know the old fire horse who has spent so many long and strenuous years in the service. Twelve years ago the large chestnut horse was brought in to the headquarters and hitched. From the first he displayed much common horse sense. Year after year men and horses have come and gone, yet old Clyde has gone on with the work which he has scarcely missed a run. He never has had a vacation or a day's sickness. Long and faithfully he has toiled with the boys, each willing to die for the other. Old Clyde has for several years been used as the off horse to the large steamer. Wednesday night he went through the evening drill with all the promptitude that he has manifested for the past 12 years. He appeared nervous and excited. The boys noticed this and began talking to him as was their custom. The old veteran rubbed his eyes and blinked and then he acted more lovable than ever and talked the best he knew how, and tried to explain that some thing was troubling him. He was taken to one of the box stalls at the rear, and the boys who were so lovable to him, did not leave him until he was comfortable. He slowly and peacefully expired as the evening gong sounded for drill that night before retiring. Faithfully did the noble animal try to arise when the other horses jumped, but it was no use. His days were over and a great horse passed away.

WHAT'S

Worth doing is worth doing well. If you wish to be cured of Rheumatism, use Ballard's Snow Liniment and you will be well cured. A positive cure for Sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas.

"I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

TRUSTEES ANNUAL REPORT.

Shows that University Club of this City is in Good Condition.

Copies of the annual report of the board of trustees of the University club of this city have been mailed to members for their perusal. The secretary's report shows that 46 new members were elected, 25 members resigned (40 mostly to change of residence), and one member, R. H. O'Brien, died leaving no heirs. The membership of 20, distributed as follows: Resident, 150; state, 21; non-resident, 64; honorary, 17; total, 150. The treasurer's report says:

"The receipts of the club are now more

than the expenses, and with the addition of new members, and the retirement of 22, the club is in a position to meet the loss of interest. Its financial condition will improve every year. In the house committee's report is the statement that the physical condition of the club-house and grounds has been carefully looked after during the year. A contract has been let for the exterior of the building, and the work is now being done. The kitchen equipment is being improved, and the work is now being done. The year has been a prosperous and successful one. The number of resignations would have been somewhat disappointing if it were not for the fact that the net gain of 25 members is not at all discouraging. The annual meeting of the University club will be held next Monday night, when reports of the different officers will be read, and a speaker engaged.

THAT'S IT!

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Cough Syrup, you will find it is the best thing of the kind. It is a positive cure for Coughs, Influenza, Bronchitis and all Pulmonary diseases. One bottle is sufficient for the average case. It is sold by all druggists. See, too, H. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

Every Movement Hurts.

When you have rheumatism, muscles feel stiff and sore and joints are painful. It does not pay to suffer long from this disease when it may be cured so promptly and perfectly by Hood's Sarsaparil. One bottle is sufficient for the average case. It is sold by all druggists. See, too, H. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

BOY BADLY INJURED.

As Result of Assault Young Walter Dunster May Lose Hearing.

The unprovoked attack made upon 9-year-old Walter Dunster by a much larger and older boy named Walter Barber, may cause him to lose his hearing. Both boys were taken to the hospital, where it was found that the work was not being properly done. He said that the middle of the intersection should be drained and some of the mud scraped away before the rock and gravel is put in.

THE BEST DOCTOR.

Rev. B. C. Horton, Sulphur Springs, Tenn., writes, July 1902: "I have used in my family Ballard's Snow Liniment and Household Syrup, and they have proved very satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor. It is sold by all druggists. See, too, H. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street."

Style, quality and integrity. Mehesy's Furs, Knutsford.

WANTS PATENT FOR FACE.

Preston Kendall Sends Unique Request To Washington From Salt Lake.

Down at the patent office in Washington clerks are pawing over the records and seeking out for any official which may have a particular bearing upon a peculiar case which has come to their attention from Salt Lake City.

The case in question is that of Preston Kendall, the proprietor of the "Orpheum" month ago. It transpires that while here he entered an application to patent a face, and the matter is very much in the air.

After working several months on the problem, visiting many costume makers and manufacturers of oddities, Mr. Kendall, who used to play "The Shepherd King" before he began his theatrical career, has evolved a plan by which it was possible for him to change from the character of an old miser into that of a southern darkey—black face and all—in three seconds, and change back into the character of the miser in the same period of time.

Naturally the process of this almost instantaneous blacking up is a secret and as the idea is his own, Mr. Kendall wants to protect it. Consequently, while opening here with his newly last month, Mr. Kendall made formal application to the patent office for a patent for a face, and the matter is very much in the air.

EXPOSURE.

To cold draughts of air to keep and cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds.

Ballard's Household Syrup is the best cure. Mrs. A. Hart, Houston, Tex., writes, Jan. 3, 1902: "One bottle of Ballard's Household Syrup cured me of a very bad cold. It is very pleasant to take. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street."

LUNCH COUNTERS GO.

Mayor Thompson Has Approved Ordinance Passed by Council.

The mayor has approved the ordinance passed by the city council on Monday night, which is aimed at lunch counters on the sidewalks. The ordinance prohibits the display of uncooked meats in the windows of restaurants, the cooking of food with a certain number of feet on the sidewalks. It is intended to put of business the lunch stands in front of saloons and other places, where the food is practically cooked and served on the sidewalk. A number of these stands are owned by a Greek syndicate which is endeavoring to make a constitutional test of the ordinance.
